

SUMIT HANS

Computer Science & Business System Student

✉ sumithans315@gmail.com ☎ +91 7780086260 📍 Bangalore, India 🔗 GitHub 🔗 LinkedIn

EDUCATION

Jain Deemed-to-be University, *B.Tech in Computer Science & Business Systems* 2023 – 2027 | Bangalore

SGPA: 7.750/10

CPGA: 6.78/10

PROFESSIONAL EXPERIENCE

Oasis Infobyte, *Web Development & Designing Intern* 06/2025 – 07/2025

- Developed responsive web pages using HTML, CSS, and JavaScript
- Integrated backend functionalities using PHP and MySQL

TECHNICAL SKILLS

Programming (C, C++, Python, JavaScript) | **Web Technologies** (React, HTML, CSS) | **Database** (SQL, MySQL, DBMS) | **Tools** (Git, GitHub, VS Code, FastAPI) | **Core CS** (Data Structures & Algorithms, OOP, Operating Systems, Software Engineering)

PROJECTS

TrustHire 🔗, *Explainable AI Job-Fraud Detection Platform* | React, FastAPI, Python, JWT, SQLite

- Built an explainable-AI scoring engine combining weighted fraud heuristics (advance-fee, gift-card, reshipping, and other scam patterns) to flag fraudulent job postings and generate a human-readable audit narrative behind every score.
- Built a scrape-and-analyze pipeline (BeautifulSoup FastAPI) that pulls a live job posting straight from a URL and runs it through the fraud-detection engine end-to-end.

EcoBin 🔗, *ML-Powered Waste Classification System* | Python, Pandas, NumPy, Streamlit, Scikit-learn

- Developed an automated AI waste intelligence engine classifying items across 5 waste categories (Organic, Recyclable, Landfill, E-Waste, Hazardous) and providing item-specific disposal guidance and environmental metrics.
- Developed a machine learning classification model to determine object reusability/recyclability, achieving up to 95% accuracy.
- Built and deployed an interactive Streamlit application for real-time waste classification predictions.

ACHIEVEMENTS & RECOGNITION

Patent & Innovation

- Published a patent titled “Decentral Hire: Secure Escrow for Freelance Innovation” based on blockchain technology and secure freelance transactions.

Certifications

- Certified in Python Programming Fundamentals by Microsoft
- Data Mining by the University of Colorado Boulder
- Operating Systems by Codio
